GROWING OLD.

As, and is growing old John,
His eyes are getting dim,
And years are on his shoulders laid,
A heavy weight for him;
But you and I are young and hale,
And each a stalwart man,
And we must make his load as light
And easy as we can.

He used to take the brunt, John,
At cradle and the plow,
And earned our porridge by the sweat
That trickled from his brow;
Yet never heard we him complain,
What'er his toil might be,
Nor wanted e'er a welcome seat
Upon his solid knee.

And when one boy strength came, John,
And sturdy grew each limb,
He brought us to the yellow field
To share the toil with him;
But he went foremost in the van,
Tossing aside the grain,
Just like the plow that heaves the soil,
Or ships that shear the main.

Now we must lead the van, John,
Through weather foul and fair,
And let the old man read and doze,
And sit his easy chair;
And he'll not mind it, John, you know,
At eve to tell us o'er
Those heavy olden British times,
Of grand old and the war.

I heard you speak of me, John,
This morn'g when you say,
That caring for the like of us
Has turned his head so gray;
Yet John, I do remember well,
When the neighbors called him vain,
And when his hair was long and like
A gleaming sheaf of grain.

Her lips were cherry red, John,
Her cheek was round and fair,
And like a ripened peach it swelled
Against her heavy hair;
Her step fell lightly as the leaf
From off the summer tree,
And all day long at the wheel
She sang to you and me.

She had a bixom arm, John,
That would hold the rod
When'er with willful step our feet
The path forbidden trod;
But to the heavy of her eye
We never looked in vain,
And evermore our yielding cry
Brought down her tears like rain.

But that is long ago John,
And we are what we are,
And we are getting dim,
And we are what we are,
And we are getting dim,
And we are what we are,
And we are getting dim,
And we are what we are.

VALLANDIGHAM.—The happiest man out of Dixie is C. L. Vallandigham, exile from Ohio. He escaped a traitor's halter to be honored by the Democratic party. He has publicly announced himself a candidate for the United States Senatorship from Ohio. His claims are based upon his martyrdom in behalf of the rebellion. If man can earn honor and office by bad acts Vallandigham is the man, and should be elected to the U. S. Senate. We imagine we see Washington, of the *Examiner*, shaking hands with Vallandigham in the hall of the U. S. Senate.—*Appeal.*

A SWEET OLD SOLITUDE.—Boys ought not to be permitted to travel in the seasons. They are too sharp. The American boy is a dangerous weapon—with edge to him and no handle to get hold of him by. At the Fort, William Henry House I saw a lover and a lady tormented with the company of the lady's younger brother: "It is a sweet lake," sighed the lady, "I wish I might have an island in it and solitude." "Without me?" said the lover, plaintively. "You are solitude to me. You put the rest of the world far off from us," said the girl. "Yes," said the boy, "he is a sweet old solitude." He is a solitude with a barroom in it, and boys to set up ten-pins. He is more solitude by himself than fortitude.

The Western Union Telegraph messenger boys at Boston lately went on a strike because the company cut down their wages from three to two cents per message, and were promptly discharged. Other messengers were employed, but the strikers, with surprising precocity, immediately organized war against them, laying in wait for them and pummeling them at every opportunity.

SENATOR STEWART.—This champion of the Republic is stumping Nevada for the Union cause. The Democratic Call asks the Democrats of Butte County "to ship their Press man to Steadman or Alaska."

"What would you be, dearest," said Richard to his sweet-heart, "if I were to press the seal of love upon those waxen lips?" "I should be stationary."

A SCENE IN SACRAMENTO.—At about a quarter to ten o'clock last night, a man was standing in the door of Joe Harris' saloon, corner of K and Third streets, when a woman, very much excited, stepped up to him and demanded that he should either come home, give her some money, or make some provision for his family. He motioned her away, and bade her go off, and at once went back into the saloon, thinking perhaps that she would not follow. But he was mistaken; she not only followed, but caught hold of him and held him in spite of his best efforts to free himself, upbraiding him with every species of misconduct that a man could be guilty of, and that with such pathetic earnestness that the sympathies of every one present were aroused in her behalf. She bent all her energies to getting him from the saloon, and once on the sidewalk gave him such a talking to as he hoped men seldom get, and even more seldom deserve. She spoke of having been eighteen years his wife, of her faithfulness, of having cared for him when no one else would, of his having beaten and abused, and finally deserted and neglected her, leaving her without a cent when he earned good wages every week, and in short, rehearsed a most deplorable family picture. It may be supposed that a crowd was gathering all this while, and that the excitement increased in proportion, and the surly replies and denials of the man only tended to increase sympathy for the woman; and there were plenty there who would have gladly undertaken to redress her wrongs without further ceremony, y trapping the man severely had he offered her any violence. An officer, however, at last made his way through the crowd, and both were taken to the station house—she still holding fast to her errant husband. They were detained there but a short time, however, as no charge had been entered against either, and went away together. It was a sad scene, and indicated a shocking state of domestic infelicity.—*Record.*

THE NEW MORMON TABERNACLE.—The new tabernacle at Salt Lake has been opened. It was commenced in September, 1865. The greatest number of men employed upon it at any one time was 205. It is turtle-roofed. The building is 250x150 feet, without a column in it. The roof rests on stone pillars outside and independent of the building. The light from floor to ceiling is 68 feet in the center of the building, and there is nine feet space between the ceiling and the roof. There are 2,500 lights of glass in the building. There are 1,500,000 feet of lumber. The roof is covered with 350,000 shingles, besides a space at the top, averaging 40x130 feet, which is covered with latent roofing. It will comfortably seat 8,000 to 9,000 persons. There are forty-two entrances into the building, four of which are for the public. It has been fitted up temporarily for a grand conference soon to be held, and this is the description: The stand for the speakers is at the west end of the building, and covers 7,000 feet of the surface. The front of the stand is the segment of a circle. Before it are a seat and desk for the Bishops and others who administer the sacrament. The first seat in the center of the stand or platform is for the Presidency of the states, the next for the quorum of the Twelve, the third for the first Presidency. Back of these are seats for a choir of 550 singers, with the great organ yet unfinished, behind them. On the right and left are seats for from 800 to 1,000 persons. The speaker's desk is 60 feet in front of the western piers. In front of the stand, for 70 feet, the floor is horizontal, thence to the east end the floor rises with a grade of one foot in ten. The horizontal portion of the floor is seated with very comfortable permanent benches; the remainder temporarily with the old benches from the Bowers.

Six men killed—one mortally and three dangerously wounded. A telegram to the Union from Healdsburg says: "A terrible tragedy occurred on election day, at Little Lake, Mendocino county. It appears that a feud existed for a long time between two families named Coats and Frost. At election both came together armed, and Coats immediately fired, killing Frost at the first shot. The firing became general between the families. Five of the Coats family were killed and three dangerously wounded. Frost was killed and his son Duncan mortally wounded. Not a word was spoken on either side during the affray."

FLORENCE
SEWING MACHINE.
Copy of the Report of the Committee of Awards at the Fair of the AMERICAN INSTITUTE NEW YORK, 1865.
To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine.
HIGHEST Premium! Gold Medal!
REASONS:
1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.
The Florence was awarded the first and highest prize at the State Fair of California, the only Fair on the Pacific Coast at which any two double thread Sewing Machines were exhibited in competition in 1865.
The Florence received the only premium awarded, by the Mechanics Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co., or agent. The claim of a competitor to a medal is without any foundation whatever.
Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

REMOVAL.
DR. TOZER,
Formerly of Lock Hospital, London,
Would most respectfully call the attention of the public of San Francisco and vicinity to the fact that he has removed his MEDICAL INSTITUTE from the corner of Jackson and Kearny streets, TO JOSE BONTENBERG STREET, adjoining Occidental Hotel.
Where he will be in attendance daily to administer to the wants of all those who may require his services.
It is impossible here to mention all the diseases he treats with his familiar, some, perhaps, without being out of place. The most formidable, the most restrictive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence, I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering:
Nervous Debility, Loss of Memory, Pain in the Limbs and back, Irritation of the Heart, Trembling of the Limbs, Headache and an aversion to Genital Society, especially that of Females.
There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.
STRICTURE OF THE URETHRA
Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.
DR. TOZER has for the last forty years given his entire attention to the TREATMENT AND CURE OF SPECIAL COMPLAINTS, and will guarantee success in all cases. His remedies are Purely Vegetable, and free from their action.
His remedies for all FEMALE COMPLAINTS have been tried in this City and State for the last fifteen years, with the greatest success.
His FEMALE PILLS are unrivaled in the cure of suppression of the monthly sickness. Price, 85 per box—to be had at the office only. Sent by mail or express on receipt of price.
All letters strictly confidential. Address, through mail or address.

A CARD FROM THE
AMERICAN WATCH COMPANY,
of Waltham, Mass.
This Company has leave to inform the public that they commenced operations in 1850, and their factory now covers four acres of ground, and has cost more than a million dollars, and employs over 70 operatives. They produce 75,000 Watches a year, and make and sell not less than one-half of all the watches sold in the United States.
The difference between their manufacture and the European, is briefly this; European are made almost entirely by hand, and the result is of necessity a lack of that uniformity, which is indispensable to correct time-keeping. Both the eye and the hand of the most skillful operative must vary. But it is a fact that, except watches of the highest grades, are the product of the cheapest labor of Switzerland and the result is the worthless Ankers, Lepines and so-called Patent Levers—which soon cost more in attempted repairs, than their original cost. Common workmen, boys and women, buy the rough separate parts of these watches from various factories, polish and put them together, and take to the nearest watch merchant, who stamps and engraves them with any name or brand that may be ordered.
How American Watches are made.
The American Watch is made by a process of such uncertainty process—and by no such income workmen. All the Company's operations from the reception of the raw materials to the completion of the watch, are carried on under one roof, and under one skillful and competent direction. But the great distinguishing feature of their watches, is the fact that their several parts are all made by the finest, the most perfect and delicate machinery ever brought to the aid of human industry. Every one of the more than a hundred parts of every watch is made by a machine—that infallibly reproduces every succeeding part with the most unvarying accuracy. It was only necessary to make one perfect watch of any particular style and then to adjust the hundred machines necessary to reproduce every part of that watch, and it follows that succeeding watches must be like it.
The Company respectfully submit their watches on their merits only. They claim to make
A Better Article for the Money
by their improved mechanical processes than can be made under the old fashioned handicraft system. They manufacture watches of every grade, from a good, low-priced and substantial article, in solid silver hunting cases, to the finest chronometer; and also ladies' watches in plain gold or the finest enameled and jeweled cases; but the indispensable requisite of all their watches is that they shall be GOOD TIMEKEEPERS. It should be remembered that, except their single lowest grade named the "Home Watch Company, Boston," ALL Watches made by them
ARE FULLY WARRANTED
by a special certificate, and this warranty is good at all times against the Company or its agents.

SEMI-WEEKLY ENQUIRER.

WEDNESDAY, OCT. 23, 1867.

In our last issue we congratulated our readers upon the probable success of the nominees of the Union party, and were jubilant over the election of our candidate for County Judge. Since which time, however, the political skies have grown dark with impending indications of defeat, but as all omens are uncertain, and particularly political ones, we are yet inclined to the belief that the noble party which has faithfully fought for the supremacy of law and good order has not sustained another defeat at the hands of the Union loving people of the State. The returns thus far received certainly indicate that such is the case, yet there are some seventeen counties to hear from yet and the result as now shadowed may be materially changed. The total as now figured from thirty-three counties give Sprague 5,134 and Currey 3,405; Fitzgerald, 4,457, and Swett, 4,280. Making Sprague's majority over Currey 1,729, and Fitzgerald's majority over Swett of 177. The majority of the Democratic party for Justice of the Supreme Court will be difficult to overcome, especially in the counties that remain to be heard from, but in the case of the Superintendent of Public Instruction, it is vastly different; the enviable reputation of Mr. Swett as a man every way fitted for the position he has so long occupied, and this knowledge being so thoroughly understood by the better class of people of the State, induces us to believe that many who heretofore voted the Democratic ticket in counties where that ticket was successful in the September election, have cast their ballots in favor of the Union candidate to manage our school affairs. We may be giving these people credit for more intelligence and real interest for the welfare of the country than they deserve, but our natural desire to attribute to our fellow-citizens the greatest latitude in matters pertaining to our common weal must plead our excuse if they have been blind to the best interests of the rising generation by electing an avowed sectarian in the school department to take charge of their children and destroy the fabric which has been reared at so great a cost by that excellent officer Mr. Swett.

In the event however, that the Union party has again sustained a defeat, we believe it has been through the apathy of the members of that party, and not on account of the superior numbers of the Democrats. We can readily account for the election of the Democracy in the September election, and the causes which contributed to their success at that time also had their influence in the Judicial election. The masses could not see how the Sacramento Union, Bee and San Francisco Bulletin could oppose the Union ticket on account of the Convention that made the nominations not reflecting the will of the people, and then supporting Currey and Swett because, as they afterwards declared that the same Convention did represent the wishes of their constituents; this reasoning is a sort of "blind Peter" game that the people knew nothing about, and the papers that left the party because of their inability to secure their favorites were unable to convince the voters that they were honest in their support of those they pretended to wish to see elected. The principles of the party have not changed; if we would secure to all in spirit and in truth the inestimable boon of civil and religious liberty we must re-organize, and see that those in whom we place confidence are willing to labor for principles, independent of what their exertions may hereafter entitle them to on our hands. The sooner the tried ones congregate in their different localities and look dismal clouds that are lowering over us squarely in the face the sooner and more effectually will we be enabled to remedy the evils of the past elections. Let us not give up but again nerve ourselves for the fight, and so surely as we exert ourselves as freemen so surely will victory again perch upon our banners.

GRAND COMMANDERY OF CALIFORNIA.—The Grand Commandery of Knights Templar of the State of California commenced its Tenth Annual Conclave at the Masonic Temple on Thursday, October 17th, Anno Domini 1867 Anno Ordinis 749. Representatives from seven subordinate Commanderies, and one under dispensation, were present. The Grand Commandery was opened in ample and knightly form. Upon counting the ballots for the election of officers, the following were found to be chosen: Grand Commander, Sir Isaac S. Titus, Placerville; Deputy Grand Commander, Sir William W. Taylor, San Francisco; Grand Generalissimo, Sir Thomas H. Caswell, Nevada City; Grand Captain-General, Sir William F. Knox, Sacramento; Grand Steward, Sir Henry H. Rees, Marysville; Grand Senior Warden, Sir Frederick F. Bars, Placerville; Grand Junior Warden, Sir Charles L. Wiggins, San Francisco; Grand Treasurer, Sir Eliza W. Bourne, San Francisco; Grand Recorder, Sir Laurence C. Owen, San Francisco; Grand Standard Bearer, Sir Nathaniel D. Plim, Oroville; Grand Sword Bearer, Sir John Kirkpatrick, Nevada; Grand Warder, Sir Stephen Wing, Columbia; Grand Captain of the Guard, Sir James Oglesby, San Francisco.

LETTER FROM SAN FRANCISCO.

SAN FRANCISCO, Oct. 19, 1867.
EDITOR ENQUIRER.—Believing that the readers of the ENQUIRER would take some interest in learning some of the many ways in which the country folks are taken in and done for, I propose to devote some space to enumerating and pen picturing the humbugs and humbuggering of the City of the Pacific.

RUNNERS.

On the arrival of the steamer and before the boat has fairly touched the wharf the cars of the stranger are filled with the yellings of a host of hotel runners, whose business it is to get customers for the various hotels, and they are not particular about telling a falsehood or two concerning accommodations, &c, when it is necessary. The scene transacted at the wharf nightly on the arrival of the Sacramento boat is past description and reflects but little credit upon our municipal government. When the stranger has at last (and if he has not been dispossessed of his baggage by some rascal in the hurry and scuffle of the crowd) he is more than ordinarily fortunate to find a conveyance to the hotel he desires, if he manifests the faintest sign of greenness it is two to one but the driver undertakes to fleece him before he arrives at his destination. Supposing that our friend from the country has thus far escaped and feels he is a cityite and posted, let me tell him that he has but taken his primary lesson and that the real elephant is yet to be exhibited.

CAPPERS.

On the morning after your arrival and before you have had a glimpse of the metropolis, some gentlemanly dressed individual will bid you good morning and after waiting a second or so in order to convey the idea that he is awaiting your recognition, is extremely surprised that you fail to recognize him; he has posted himself as to where you are from from the hotel register, and is prepared for any answer you may make him. By well managed words he leads you on to conversation and in a few minutes can tell whether it will pay to follow up his intended game. By cappers I do not mean those whose business is exclusively connected with gambling halls. There are cappers for everything; for clothing stores, for hat stores, for boot stores, and among other things in this connection there is one thing that I desire to call especial attention to, that is capping for quack doctors and quack doctors themselves. In the country, when through misfortune one becomes stricken with disease his first thought is for first-class medical attention, and he argues that the most likely place to find it is at Frisco, so here he comes, and as there are at least fifty persons in the employ of advertising doctors here who are constantly on the lookout for persons who are sick, nine times out of ten you are copped into some quack shop where you are robbed out of your money, and in many instances your health is entirely ruined by the administration of drugs of which these so-called doctors have not the slightest chemical knowledge. It is a veritable fact that there are at least thirty men practicing medicine in this city who have never read medicine in their lives and know less of the science than their patients. Yet they carry their heads high, make money out of the gullied, and are the best friends and most valuable assistants of our undertakers. Some of these human fiends care no more about killing than does the most hardened criminal that graces the prisoner's dock in our Police Court. Murder with them is a wholesale business, and carried to a fearful extent. I understand that the next Legislature will have an opportunity of legislating upon this question, and make it a requirement that before a man can practice medicine he be compelled to submit to a rigid examination before a competent board of medical examiners. In my next I will continue this subject of humbugs and endeavor to enlighten your readers as to some more of the ways in which these vampires feed upon the unwary and uninitiated.

SOCIETY—SOCIAL EVILS, &c.

In the true sense of the word there exists but little true society here. People appear to associate one with another more for the purpose of business and gain than for any social advantages that may be attained. Our male population devote their undivided attention to the accumulation of wealth and have no time to think of real social enjoyment. Our females devote their entire care and thought to the worship of fashion, caring for naught else. Among our social evils that of late is attracting much attention and serious thought is the vice of intemperance. Among the women the vice or practice of drink is not confined to the lower or middle classes but is carried on to an unlimited extent by the women who make up our upper ten or ton society. Drunkenness among women at select social gatherings has become a common occurrence, and so far has this gone that our Dashaway association is agitating the question, endeavoring to find some means whereby this disgusting vice can be stopped. Scarcely a day passes that one or more women are not arrested for being common drunkards. Terrible, is it not, to think of it?

POLITICS.

In my last letter I mentioned it as being my opinion that Currey and Swett would

be elected, but the result of last Wednesday has proven me a false prophet in this instance. Our defeat I contend was occasioned by the lack of interest manifested by our party. There are on the Great Register here something over twenty-four thousand voters, of which number only about thirteen thousand voted last Wednesday, leaving the number of persons not voting at eleven thousand. Of this last number fully eight thousand are Union men and will vote the Union ticket at the coming presidential election. At the doors of the Independent Press lies the major part of the blame for the present condition of party disorganization in the Union ranks. But they are reaping their reward. What a great triumph and satisfaction to the Bulletin and Union it must be to see such a man as John Swett ousted, and that bigoted and narrow-minded sectarian O. P. Fitzgerald placed in his stead. How very pleasing it must be for them to feel that they have had a hand in defeating John Currey, against whom his enemy could bring no word of reproach, and assisting to his position a man untried and little known. The time will come when the people, in order to select their choice, will be compelled to utterly repudiate the dictum of those arrogant and self-constituted political finger-posts.

AERIAL NAVIGATION.

Marriot, of the News Letter, says that the much talked of Avitor Hermes is about to take flight, and thus end the anxiety of the public concerning the mooted question of Aerial Navigation. Your correspondent will be on hand when this air boat sails and will jot down an account for the readers of the ENQUIRER.

THEATRICAL.

This week has been more than usually lively with amusements. The Irish Drama with Bryant in the leading parts has filled Magnire's Opera House throughout the week. Arrah-na-Pogue, that had a run under Wheatleigh's management of over a hundred consecutive nights, is billed for the coming week. It is said that at the East Bryant gained considerable praise for his rendition of the character of Shaun the Post; we are consequently on the look out for a treat. At the Metropolitan Theatre we have had an entirely new piece on the boards—Azael—the story and plot of which are worked up from the Scriptural story of the Prodigal Son. Although having no great merit it is at times very affecting. Mrs. F. M. Bates assumes the character of Azael, and renders it with such ability that the management will continue the piece during the coming week.

WEATHER.

We are having every indication of winter, cold, cloudy and densely foggy weather. Overcoats and thick boots are the order of the day. We have already had a sprinkle or two by way of an introductory.

SKOOTS.

BAD BOYS.—We don't mean that the boys of Dutch Flat are worse than those of other towns, but if there are boys at any other town, village or city that can break more windows, doors, come nearer tearing down houses and look any more innocent than the boys of Dutch Flat, a well substantiated evidence of this fact can relieve the writer of this article of about twenty-five hundred dollars in coin. Twenty dollar pieces.

RATES OF POSTAGE.—It may be interesting to our foreign born citizens to know that Congress has passed a law regulating rates of postage upon newspapers, books, packets and patterns or samples of merchandise, which took effect on the first of the present month. This law affects letters, papers, magazines, periodicals, etc., sent from the United States to the United Kingdom of Great Britain, foreign West Indies, Bermuda, countries on the west coast of South America, United States of British Columbia, British Colonies in Australia and New Zealand.

1. Newspapers, 2 cents each. 2. Books, packets, including printed papers of all kinds, maps, plans, prints, engravings, drawings, photographs, lithographs, sheets of music, &c., 6 cents per four ounces or fraction of four ounces. The above charges must be fully prepaid at the office of mailing, by means of United States postage stamps affixed outside the packet or its cover, and are in full to destination in the United Kingdom. If not so prepaid, the packet cannot be forwarded.

5. International Printed Matter, &c., Received from the United Kingdom, and delivered free of charges. Newspapers, book packets, and patterns, or merchandise originating in the United Kingdom, and addressed to the United States will be received in the United States fully prepaid, and must be delivered free of charge to the party addressed at the office of destination in the United States. 7. Prepayment of Printed Matter, &c., compulsory. Postmasters are instructed to levy and collect in advance, on and after the first of October, 1867, the rates of postage chargeable on the different kinds of printed matter, and other postal packets hereinbefore enumerated observing strictly the regulations herein established with respect to each classification of the same.

BIDWELL'S LETTER.—The Sacramento Union can no more forgive Gen. Bidwell, than any other man for having been a consistent Union man, during the canvass which closed September 4th. It therefore reproduces from the New York Evening Gazette, part of a letter of the General's, written soon after the State convention here, in which the General says he was refused the nomination for governor because he would not promise to make some man clerk of some court. Also another, in which he says, "I resolved, after the tricksters cheated me out the nomination, that I would not take the stump under any circumstances." These letters simply show that the General was weak enough to believe for a time, the false assertions of the Union, that he was cheated out of the nomination by tricksters. As towards when the General's friends presented the facts and proved the assertions of the Union false; he like a true patriot, left that apostate sheet writing in its slime, and heartily supported the ticket. Why the Union should desire at this time to rip open the old sores of General Bidwell we cannot tell, unless in its spite it determined to punish him for having healed them and advanced the election of the ticket. If General Bidwell had done in the first of the canvass, what he did at last, come out fairly and squarely for the ticket: he could have done much more for the cause. But the General's political wisdom is not equal to his patriotism, and we are sorry to see him now stabbed in the house of his friends, because he was true to principle than they.

A GREAT MISFORTUNE.—On Saturday night last the fine flouring mill recently erected by John Ziegenbier at Lincoln, in this county, was entirely destroyed by fire. The property was valued at \$50,000, and was insured for \$20,000. There were three cars of the Central Pacific Railroad standing on the side of the Mill at the time of the fire, one of which was entirely consumed, and the others were considerably damaged. The fire is thought to be the work of an incendiary.

SAD ACCIDENT.—On last week at Gold Run a fearful accident occurred to the little daughter of Mr. Samuel Fair, a former resident of this as well as that place. It appears that the little one had climbed upon the railing of the balcony of the Hackett House, and before it could be caught fell over, a distance of some twelve feet, causing, it is feared, a contusion of the head. The child has had the best possible medical attention and the physicians entertain hopes of being able to effect entire relief in time. We sincerely sympathize with the parents in their affliction.

WIRE ROPE, Galvanized and Ungalvanized. Of every description, for Hoisting, Winding Ropes, Flat and Round; Guy Ropes, for Derricks; Fall Ropes of Steel, for Derricks; Power Ropes, for conveying power to a distance. Ferry Ropes, for Swing and Flying Ferries. And for various other purposes, being stronger, lighter, more durable and cheaper than any other kind of rope.

FLAT AND ROUND IRON AND STEEL. Wire Rope is not affected by atmospheric changes; is applied in same manner as hemp rope, and manufactured in any length of any size. Suitable Blocks and Sheaves for Ferry or Derrick Fall ropes supplied. Steel Rope saves materially in freight, being only one-third the weight of hemp rope of equal strength. Prices and Scale of strength, weight and size forwarded free on application to manufacturers.

STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fevers; Fortifies the System against Malaria and the evil effects of unwholesome water; invigorates the organs of digestion and the bowels;

Steadies the Nerves and tends to prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent fevers, sea sickness, cramps and Spasms, and all complaints of either sex arising from Bile and Weakness, whether inherent in the system or

PRODUCED BY SPECIAL CAUSES.

As a genuine Tonic, HOSTETTER'S BITTERS produce effects which must be experienced or witnessed to be fully appreciated. Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is most conclusive, and from both sexes. In districts infested with Fever and Ague, it has been found infallible as a preventative and irresistible as a remedy. Thousands who resort to it in apprehension of an attack, escape the scourge; and thousands who neglect to avail themselves of its protective qualities, in advance, are cured by a very brief course of this marvelous medicine. Acting as a gentle and painless aperient, as well as upon the liver, it also indirectly relieves the Constipation superinduced by irregular action of the digestive and secretory organs.

CHOLERA!

MR. PERRY DAVIS:—Sir: The benefits I have received from the use of your invaluable remedy, the Pain Killer, induces me to pen you a word in its praise. Experience has convinced me that for Headache, Indigestion, Pain in the Stomach, or any other part of the system, severe Chills, Weariness, common Colds, Hoarseness, CHOLERA, CHOLERA MORBUS, Diarrhea, Dysentery, Toothache, etc., THERE IS NOTHING BETTER THAN THE PAIN KILLER. I have this hour recovered from an attack of the sick Headache, by using two teaspoonful, taken at thirty minutes interval, in a wine glass full of hot water. I am confident that, through the blessing of God, it saved me from the cholera during the summer of 1866. Traveling and heat, dust, toil, change of diet, and constant exposure to an infected atmosphere, my system was daily pre-disposed to dysentery attacks, accompanied with pain, for which the Pain Killer was a sovereign remedy, one teaspoonful curing the worst case in an hour, or at the most half a day. I have heard of many cases of Dysentery being cured by its use. Put in the teeth, it will stop the toothache. Gratitude and a desire for its general use, has drawn from me this unsolicited testimonial in its favor.

REDINGTON & CO.'S COLUMN.

REDINGTON & CO.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to persons recovering from debility whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

REDINGTON & CO., SOLE AGENTS for the PACIFIC COAST.

STOP THAT COUGHING! SOME OF YOU CAN'T, and we pity you. You have tried every remedy but the ONE destined by its intrinsic merit to suppress all similar operations. It is not surprising that you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S PULMONARY SYRUP is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

NEWELL'S PULMONARY SYRUP and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S PULMONARY SYRUP has cured thousands and it will cure YOU if you try it. This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all deleterious drugs, and perfectly harmless under all circumstances. Certificates from many of the citizens of San Francisco accompany every bottle of

REDINGTON'S FLAVORING EXTRACTS are made from Fresh Fruits. Each bottle holds twice as much as any other brand in the market, consequently they are the cheapest and the best. USE NO OTHER. REDINGTON & CO., Agents for the Pacific Coast. ec15 6m

MARTHA WASHINGTON HAIR RESTORER. A PERFECT HAIR RESTORER AND HAIR DRESSER. Both combined in One. Trust no other, however pleasant—None can do what this has done. Try it—and always keep it present—"Use the Martha Washington." Twenty thousand heads remind us: What a noble test test it is stood: Millions more shall come behind us, With their tresses all renewed. Will keep the Hair soft and glossy, change gray hair to its original color, prevent the hair from falling out or getting thin, make old heads look young, and do all that can be reasonably expected of a genuine, first-rate Hair Restorer. All who have used it pronounce it superior to everything of the kind, and being a perfect Hair Dresser as well as a perfect Hair Restorer, it is an acquisition to every Toilet. GRAEFENBERG UTERINE CATHOLICON If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the outlet of the bladder. It is a most successful remedy for the Gravel and other diseases of the Kidneys and Bladder, and for female diseases is unequalled. The Catholicon uniformly cures Prolapsus Uteri, Whites, all Irregularities of the Monthly Turns, Suppressions, Incontinence of Urine, Bloating and Dropsical Swellings, and all diseases of pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and Abdominal Muscles and Ligaments; restoring them to a healthy state as those of childhood and youth, so that patients who have used the Graefenberg's Uterine Catholicon cannot sufficiently express their gratitude for the relief afforded. REDINGTON & CO., Agents, 416 and 418 Front st., San Francisco. c29

SCOVILL'S BLOOD AND LIVER SYRUP HAS NO EQUAL AS A BLOOD MEDICINE. IT IS NO SECRET MEDICINE, AS THE FORMULA HAS BEEN PUBLISHED IN THE MEDICAL BOOKS, AND IS USED EXTENSIVELY BY PHYSICIANS AS THE MOST RELIABLE MEDICINE KNOWN FOR THE CURE OF SCROFULA, WHITE SWELLING, AND ALL DISEASES GROWING OUT OF AN IMPURE STATE OF THE BLOOD. THOUSANDS WILL TESTIFY TO ITS VALUE. REDINGTON & CO., Sole Agents, 416 and 418 Front st., San Francisco. [c25 7
